Cascade

Design, decorative pieces with a hanging system containing preserved foliage.

Cascade

Enhance your space with nature from above

Cascade is a suspended decorative element designed to bring preserved greenery into interiors. With three unique models and two sizes, it can be hung individually or combined in layered compositions, adapting easily to different ceiling heights.

Design by: Alain Gilles

Specifications

- Available in 3 forms – Straight, Curved, U-Shaped & 2 sizes
- Installation: Can be grouped or layered at varying heights
- Choice of 9 metal frame finishes
- Choice of 8 folliages
- Modular hanging system, adjustable height and density

Preserved Foliage

Harvested at maturity in South America & Europe, the plants are preserved through a substitution process where natural sap is gradually replaced by a glycerin solution. This maintains their flexibility, color, and texture for 5–7 years without watering or maintenance. Non-toxic and hypoallergenic, preserved foliage keeps its natural look while ensuring durability and ease of use indoors.

Origin	South America & Europe
Durability	100% Maintenance free, Indoor use only
Health	Non-toxic / Non-allergen
Lifespan	5 - 7 years
Safety	B-s2-d0 • FSI0/SDI15 • Fire rated
Sound absorption	Class D – NRC 0.35 (ISO 11654:1997)
