Green Logos

Fully customizable & made from
100% natural preserved plants

Custom Logos

Transform your logo into a living statement

Fully customizable, Greenmood's logos and signage are handmade in our European workshop by an experienced team. Each piece is bespoke, crafted to your exact dimensions, finishes and brand identity, using preserved greenery to create a sustainable and eco-conscious statement.

Beyond their visual impact, these natural creations reduce ambient noise, soften the corporate feel of interiors and promote well-being for both visitors and employees, all without any watering or maintenance.comfort, reinforcing a strong and lasting image for any professional space.

Supports

Birch Plywood

18mm (3/4") Quality B/BB

Foam Board PVC

19 mm (3/4") Black/White

Fillings

Reindeer Moss

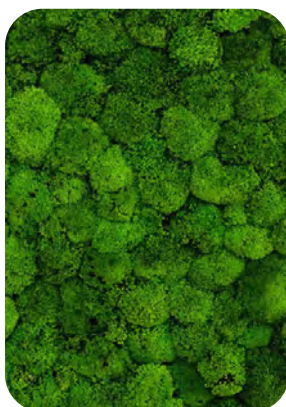

Origin	Scandinavia
Durability	No watering required, no sunlight, no pruning or trimming
Health	Non-toxic / Non-allergen
Lifespan	+/- 10 years
Safety	B-s2-d0 • FSI0/SDI15 • Fire rated
Sound absorption	Class D – NRC 0.35 (ISO 11654:1997)

Colors

Ball Moss

Origin	Europe
Durability	No watering required, no sunlight, no pruning or trimming
Health	Non-toxic / Non-allergen
Lifespan	7 - 10 years
Safety	B-sl-d0 • FSI 0 / SDI 10
Sound absorption	Class D – NRC 0.73 (ISO 11654:1997)

Colors

LIGHT - GBM1

DARK - GBM5

Milled logo with moss filling

The logo is CNC-cut, milled, and filled with preserved moss, blending precision engineering with organic texture.

Logo on moss or foliage backing

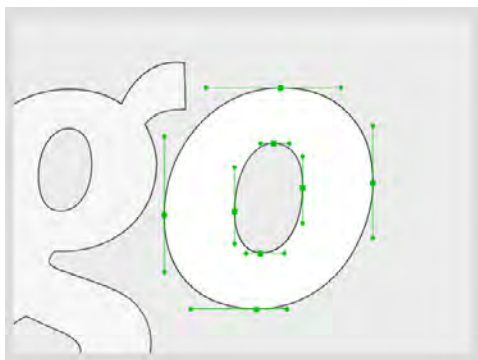

Your logo, in the material of your choice, mounted on a moss or foliage background. Optional backlighting adds depth and visibility.

Moss on moss

Your logo, in the material of your choice, mounted on a moss or foliage background. Optional backlighting adds depth and visibility.

CREATION PROCESS

Logo file

We require the logo in vector format (.ai, .eps, .svg, .dxf, .dwg, .pdf). If not available, we can create one from an image for an additional fee. Our team refines the details and adapts shapes to fit the project.

Framework

The supporting structure, made from plywood or expanded PVC, is CNC-cut to the exact dimensions, with spaces prepared for moss or foliage.

Handcrafted filling

Each logo is manually filled with preserved plants in our workshops. The moss is carefully selected, fixed in place, and inspected for long-term durability.

Installation

Logos are shipped ready to install, with mounting by screws or adhesive. Multi-part projects include a spacing guide. Installation by our team is available on request but not included in the standard offer.
